WATER BILL DISCONNECT NOTICE

NEW Customer Notification Option Available!

We're excited to announce a new way to help keep our utility customers informed! The City now offers a notification service that will send important alerts directly to you via **text message** that advises you of an upcoming water service interruption due to non-payment.

All existing communication will remain in place, and you will continue to receive your Disconnect Notice via USPS.

No need to sign up, just double check that the water department has your current cell phone number on file.

This helps make sure you receive timely information when it matters most.

Stay informed. Stay connected.

Message and Data Rates May Apply.

—TO INSURE PROPER CREDIT TO YOUR ACCOUNT, PLEASE RETURN THIS PORTION WITH PAYMENT—
